On this 6 hour day, you can explore the terrain available inbounds within Grand Hirafu, Hanazono, Niseko Village and Annupuri Resort. Tailored to your goals and ability level, Resort Guiding is the perfect way to get the most out of your time on the mountain with family and friends, as your expert guide leads the way.

IMPORTANT

- Guiding & touring end date is subject to spring snow conditions.
- This is an inbounds tour and therefore does not access the backcountry terrain accessible via the Niseko United or other gate systems.
- Suitable for those level four and above – there is no instruction on this tour. Minimum age 7.
- As this tour is suitable for skiers and boarders to ride together, your guide is not allocated based on discipline.

Backcountry Guiding - Rhythm Rides

RHYTHM
JAPAN

Are you ready for an unforgettable backcountry experience in Niseko? Rhythm Rides offers lift-accessed backcountry guiding that will take you to remote backcountry terrain accessible via the resort. Our 6 hour tour is designed for intermediate and above skiers & riders. Your expert guide will tailor the day to suit your goals, and their local knowledge guarantees you find the best possible lines for the conditions that day.

We'll take you to the backcountry zones accessible through Niseko's famous gate system. The terrain can be reached using the lift infrastructure, with even more zones opening up if you're happy to do a short hike to the peak of Annupuri.

- There is no guarantee that gates will open each day as this is heavily dependent on the weather and conditions. If the gate system is partially open, the tour will still run and your guide will access the best snow and terrain available.
- It is not possible to rearrange the tour due to lack of 'powder' – if the lifts are operating, and the gate system is open the tour will run.
- Guiding & touring start/end date is subject to spring snow conditions.
- Suitable for those high intermediate and above – there is no instruction on this tour.
- The minimum age requirement for this tour is 14.

From 120,000 JPY

For up to 5 people

- Suitable for those with no prior experience in the backcountry.
- Includes avalanche safety equipment (backpack, beacon, shovel, probe) for each guest.
